

Personal Alphabet

Browse through a dictionary, looking for adjectives to describe yourself. Know the meaning of the words you select and explain how each word you've chosen fits you. Choose at least one adjective for each letter of the alphabet. Be sure you choose the adjective form of words. For example, "excite" is a verb and "excitable" is an adjective. "Exciting" is a participle so it can be used as an adjective....but "excitable" and "exciting" mean very different things.

Example:

A — Action-packed. It seems like I am always on the go. I get up early to get ready for school, spend the whole day getting homework done and still finding time to socialize with friends, go to volleyball practice, and sometimes even stay at school to watch the high school volleyball team. It seems like I am always on the go and my days are always "action-packed."
